The 12 inch Quantum Economy Letterplate is perfect for keeping production costs at bay, while delivering high performances in terms of functionality and durability.

Available in two sleeve depths, 20-40mm for uPVC doors and 40-80mm for composites or timber, these letterplates come with both internal and external flaps, with the latter opening to 180° to prevent it from breaking when in use.

Features and Specifications:

- External weather seal & internal draught proof brushes
- 20/40mm and 40/80mm depth sleeves available
- 180 degree exterior flap opening
- Black plastic frame
- Resistant, flexible springs for enhanced durability and ease of operation
- Exterior blind bolts
- 5 year guarantee against tarnish on all finishes
- 10 year mechanical guarantee
