Low Base Plate Inline Window Handle

The Apex Low Base Plate Inline Window Handle combines the contemporary styling of the Apex handle range with a reduced-height base plate, providing improved clearance between the sash and frame on narrow opening arcs.

Features

- Reduced-height base plate for increased clearance.
- Suitable for PVC-U, aluminium and timber windows.
- Push-button contoured and colour matched.
- Metal positive stop operation with key locking.
- Enhanced cylinder spring for secure key retention.

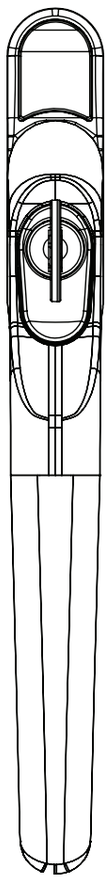

Available in a range of premium finishes:
Antique Black, Black, Chrome, Flint, Grey, Prime Gold, Satin Silver, Tungsten and White.

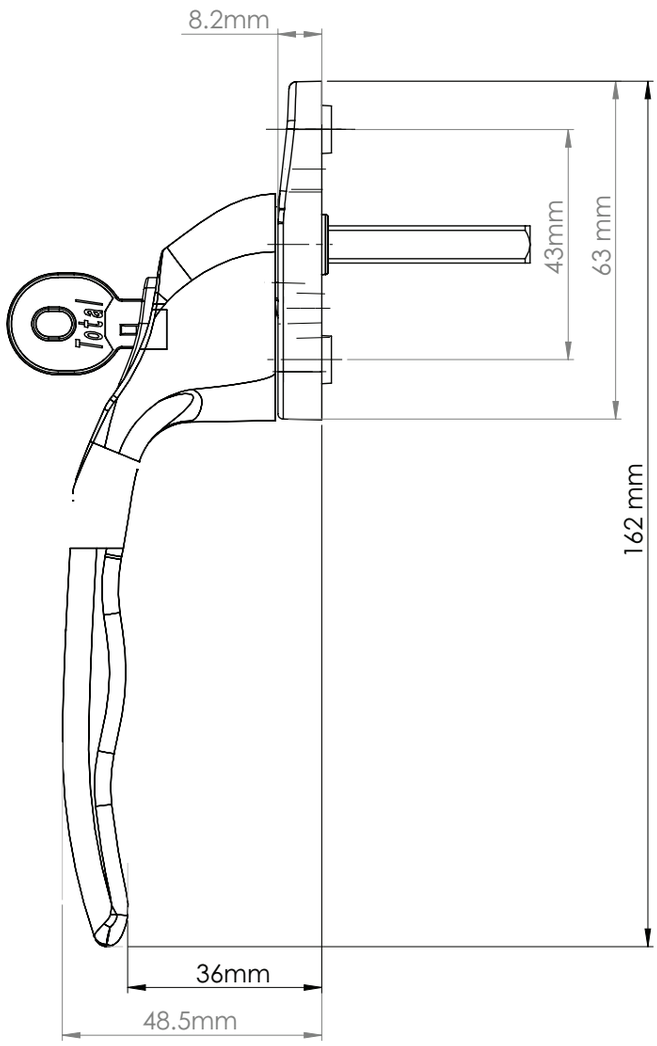

Available in 9 premium finishes

Designed by and exclusive to Total Hardware

Specification

- 10-year mechanical and surface guarantee.
- Tested to BS EN 1670 Grade 4 for corrosion resistance.
- Supplied with decorative key, fixing screws and finish-matched cover cap.
- Available in trade-friendly pack quantities.
- Designed for narrow sashes and tighter opening geometries.

The Apex Low Base Plate Inline Window Handle complements the high-quality Apex furniture range, allowing fabricators to achieve a coordinated appearance throughout a property while providing greater clearance where profile systems require to avoid frame clash.
